### **Product Description**

# Gravely Pro-Turn® Mach One 60" Kawasaki® FX921V

Overgrown properties, stalky grasses, and wet conditions are no match for the MACH ONE. The tunnel deck directs clippings away from the blades, keeping them from getting bogged down.

#### **Features may include:**

#### **High-Volume Output (HVO) Deck**

The HVO deck provides increased depth from trim side to discharge side processing greater material volume.

#### **CBT System**

Our exclusive Constant Belt Tension (CBT) system ensures that belt tension is constant, keeping the blade tip speed and cutting results consistent.

#### **Tunnel Deck**

Puts blades four inches back from the leading edge to lift grass before being cut.
